

# pickleball

Named after the family cocker spaniel of one of the co-inventors, **Pickleball** is a fun game similar to tennis, but the net is lower and it's played with a perforated plastic ball and squared paddles. It's easy to learn for beginners, but it can quickly develop into a fast-paced, competitive game for more experienced players!

Come join our open play! All equipment is provided. Staff will be available to assist with rotations.
